From Source, System, Storage, Sip to Sanitation

The WASH Rotary Action Group's World Water Summit unites global leaders to explore how WASH prevents polio and other diseases. This year's event spotlights proven tools, emerging trends, and scalable solutions for lasting impact. Experts will share insights on WASH in healthcare, schools, and communities, ensuring safe water access and stronger public health systems. Through discussions, case studies, and interactive sessions, participants will gain actionable strategies for sustainable disease prevention.

WATER - SANITATION - HYGIENE

The WASH Rotary Action Group is pleased to consider partnerships with any corporate supporter. Due to the unique attributes of water sources and water provision, accepting corporate support does not imply an endorsement of any particular water technology. Rotarians, Rotary Clubs, and Rotary partners must evaluate any technology to determine if it is the best solution for the conditions where the program will be implemented. The WASH Rotary Action Group can provide guidance about where different technologies work best, but Rotarians and Rotary clubs must decide how to implement their programs.

This Rotary Action Group is recognized and operates in accordance with Rotary International policy, but is not an agency of, or controlled by, Rotary International. To learn more please contact the WASH Rotary Action Group by email at info@wash-rag.org Thank you.
