

# Global Grant Application

**GRANT NUMBER**  
GG2570586

**STATUS**  
Draft

## Basic Information

---

**Grant title**

Cameroon Nkolmeseng WASH Project

**Type of Project**

**Humanitarian Project**

Address community needs and produce sustainable, measurable outcomes

**Primary Contacts**

Name	Club	District	Sponsor	Role
Yaouba Ibrahim	Kumbo	9150	Rotary Club	Host

## Committee Members

---

**Host committee**

Name	Club	District	Role
------	------	----------	------

**International committee**

Name	Club	District	Role
------	------	----------	------

**Do any of these committee members have potential conflicts of interest?**

A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or award that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

**For each Rotary member who serves on the grant committee, list all relationships that the member has with any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant.**

No

**Next, list all relationships that district officers and other members of the sponsor clubs or districts (other than the members of the grant committee) have with any award recipients, cooperating organizations, project vendors, or other individuals or organizations that would benefit from the grant.**

No

# Project Overview

## Tell us a little about your project. What are the main objectives of the project, and who will benefit from it?

Nkolmeseng Primary School and Community currently has poor water supply systems of hand dug wells. School children and families go for days or weeks without portable water and rely on very doubtful sources for their daily use. The community is poorly equipped for any pandemic crisis, with a lack of knowledge and materials for being prepared, managing illnesses, and being ready for long-term water and food shortage. This intervention will provide clean water by drilling a borehole, provide a storage capacity, necessary knowledge on WASH and how to combat viruses and water borne diseases, as well as the practical tools to fight them. One of the most important weapons will be to keep their hands washed and stay hydrated during disease outbreaks. Lastly, the community has had historically poor menstrual hygiene training, and this project will include workshops on using sustainable menstrual cups and reusable pads. The project will provide a borehole, storage capacity of 10,000 litters, energy supply a storage tower, WASH trainings and menstrual workshops with Wash Facilities at the school campus

Kumbo Rotarians will ensure full participation from starting to finish and as well keep all funders informed during and after the project. The Grant funds shall be used for Drilling, Pump and energy installations, drawdown test, and provision of storage capacity as well as WASH/menstrual hygiene trainings. The project will be implemented within 6 months from the time funds are available

The overall objective of the project is to provide clean water, WASH and Caretaker trainings for a clean and sustainable water system in Nkelmeseng Primary school in Yaounde, Cameroon

The population of the school is 240 boys and 120 girls (360 pupils), 11 staff and over 2500 inhabitants to benefit from the project

## Areas of Focus

### Which area of focus will this project support?

Water, sanitation, and hygiene

## Measuring Success

Water, sanitation, and hygiene

### Which goals of this area of focus will your project support?

Facilitating universal and equitable access to safe and affordable drinking water;

**How will you measure your project's impact? Find tips and information on how to measure results in [the Global Grant Monitoring and Evaluation Plan Supplement](#). You need to include at least one standardized measure from the drop-down menu as part of your application.**

Measure	Collection Method	Frequency	Beneficiaries
Number of people with access to improved sources of drinking water	Direct observation	Every three months	2500+
Number of people with access to improved sanitation facilities	Direct observation	Every six months	100-499
Number of communities with a functioning governance committee in place	Grant records and reports	Every year	1-19

### Do you know who will collect information for monitoring and evaluation?

Yes

### Name of Individual or Organization

Kumbo Rotary will collect the data

**Briefly explain why this person or organization is qualified for this task.**

The Kumbo Rotary Club has completed many similar water projects in the past. They are experience in monitoring and evaluation of similar projects. PADG Ibrahim Yaouba a member of the WASH-RAG and a certified CWAST also a WASH Ambassador for District9150 will be responsible for monitoring and evaluation of the project

## Location and Dates

---

Humanitarian Project

**Where will your project take place?**

**City or town**

Yaounde

**Province or state**

Center Region

**Country**

Cameroon

**When will your project take place?**

2024-12-31 to 2025-09-25

## Participants

---

Partners (Optional)

**List any other partners that will participate in this project.**

Rotarian Participants

**Describe the roles and responsibilities that the host and international sponsors will have in this project. Please be specific. Which sponsor will receive and manage the grant funds?**

The international club will help in fundraising and the grant writing as well as follow up during implementation of the project and also report writing. On the other hand, the host club will ensure the hosting of grant funds, day to day management of the project with approval from the international club as well as report writing and handing over of the project when it is completed

**Describe how the partnership between the host and international sponsors was formed. What agreement have the sponsors made toward ensuring that the project will be implemented successfully? How will they manage any challenges that arise throughout the project?**

This partnership was formed via the WASH Ambassadors global network, kumbo Rotary had this grant in their 2024/25 program and was looking for partners. The partners have agreed to constantly share information based on past experience as this would be the 7th borehole Kumbo Rotary is completing so as to overcome any challenges that may be encountered

## Budget

---

**What local currency are you using in your project's budget?**

The currency you select should be what you use for a majority of the project's expenses.

**Local Currency**  
XAF

**U.S. dollar (USD) exchange rate**  
520

**Currency Set On**  
22/09/2024

### What is the budget for this grant?

List each item in your project's budget. Remember that the project's total budget must equal its total funding, which will be calculated in step 9. Project budgets, including the World Fund match, must be at least 30,000 USD.

#	Category	Description	Supplier	Cost in XAF	Cost in USD
1	Operations	Borehole Siting, Survey, Development	ABU FORAGE	4225000	8125
2	Equipment	Energy Supply	Shaidu Z	1950000	3750
3	Supplies	Storage & Distribution Points	ABU FORAGE	3640000	7000
4	Training	Menstrual Hygiene & Fertility Workshop	Family Life Office	600000	1154
5	Signage	Sign Indication	Mr Kassim	300000	577
6	Monitoring/evaluation	Site visits	Kumbo Rotary	800000	1538
7	Project management	Contingency for Price, Exchange Rate Fluctuations	ASD/ Issa Enterprise	2100000	4038
8	Project management	Project Supervision & Management	Issa Enterprise/ NICDA	2100000	4038
9	Monitoring/evaluation	Laboratory test, water treatment, monitoring & sustainability	ASD, Abu Forage/ NICDA	2100000	4038
10	Project management	Bank Fee	SCB Bank	300000	577
11	Training	WASH Training of Community, Committee & Caretakers	ASD	208000	400
Total budget:				18323000	35235

## Funding

**Tell us about the funding you've secured for your project. We'll use the information you enter here to calculate your maximum possible funding match from the World Fund.**

#	Source	Details	Amount (USD)	Support*	Total
1	Cash from Club	Kumbo [ Rotary Club ]	2,000.00	100.00	2,100.00
2	Non-Rotarian contributions with NO match from TRF	NICDA	1,000.00	50.00	1,050.00

\*Whenever cash is contributed to the Foundation to help fund a global grant project, an additional 5 percent is applied to help cover the cost of processing these funds. Clubs and districts can receive Paul Harris Fellow recognition points for the additional expense.

### How much World Fund money would you like to use on this project?

You may request up to 0.00 USD from the World Fund.

### Funding Summary

<b>Cash contributions:</b>	2,000.00
<b>Financing subtotal (matched contributions + World Fund):</b>	2,000.00
<b>Non-Rotarian contributions with NO match from TRF:</b>	1,000.00
<b>Total funding:</b>	3,000.00
<b>Total budget:</b>	35,235.00

## Sustainability

### Humanitarian Projects

#### Project planning

##### Describe the community needs that your project will address.

The community currently has inadequate water supply system from doubtful sources which dry off during the dry season. they go for several days before they can open it again to provide only a few hours of water, meaning families go without water for this period of time.

Additionally, the community is poorly equipped for the any pandemic crisis, with a lack of knowledge and materials for being prepared, managing illnesses, and being ready for long-term food shortages. This intervention will provide necessary knowledge about how to combat viruses and water borne diseases, as well as the practical tools to fight them. One of the most important weapons will be the new water they'll have to keep their hands washed and stay hydrated during disease outbreaks. Lastly, the community has had

historically poor menstrual hygiene training, and this project will include workshops on using sustainable menstrual cups and reusable pads, as well as fertility training to better understand fertility cycles.

##### How did your project team identify these needs?

(a) A request is made by a community to Kumbo Rotary to be considered for assistance.

(b) Rotarians then met with NICDA and community leaders, to discuss and assess the community needs in addition to their willingness to meet the requirements of Rotary to be included in a future grant project.

(c) A list of the community need was then maintained and a priority ranking assigned and the probable type of water installation indicated; e.g., dug well, spring fed, gravity flow, bore hole, etc.

(d) As new grants are discussed with the International Sponsors, the rural water technician, ABU Forage

Company, is requested to provide a site inspection and meeting with the community and to provide a detailed cost estimate of installing and supervising the installation of a complete system, including a tool box and repair kit, training of the Water Management Committee and Caretaker.

(e) The final number of projects and communities to be included in a specific grant is determined by the projected funds available.

The WASH Ambassadors network was then consulted for their assistance

**How were members of the benefiting community involved in finding solutions?**

The community has already built a water system (hand dodged well) in an attempt to meet their needs. The system is currently being maintained; but it lacks a source of year-round water. The community itself came to the Rotary Club of Kumbo to request assistance in finding a sustainable solution.

These real commitments to solving the water crisis in the community through self-supply and outreach show how the community is resourceful and devoted to finding solutions to their water needs.

**How were community members involved in planning the project?**

The planning began with the community making the request to the Rotary Club of Kumbo and the. For the community assessment and technical assessment, community members were present along with the Water Committee and Caretaker to explain the history of the current system as well as to speak about their visions for the future.

During the assessment phase with the Rotary Club of Kumbo, NICDA and all-community-member meetings were held where the community helped shape the scope, design and priority of this WASH/ Disease Prevention project.

The biggest community ownership piece of this project is that NICDA has committed to provide \$1000 cash to the project

**Project implementation**

**Summarize each step of your project’s implementation.**

Do not include sensitive personal data, such as government ID numbers, religion, race, health information, etc. If you include personal data, you are responsible for informing those whose personal data is included that you are providing it to Rotary and that it will be processed in accordance with Rotary’s [Privacy Policy](#).

#	Activity	Duration
1	Excavate project site and clear road to catchment -well.	3 weeks
2	Drilling of Water Well Drilling.	2 weeks
3	Trench pipe line for in-ground plastic water line, install and test water flow	4 weeks
4	Lab test and water pumping system from spring / well to storage tank	3 weeks
5	Conduct training of Water Management Committee in WASH.	4 weeks
6	Conduct community WASH and Menstrual Hygiene and Health trainings and workshops	3 days

**Will you work in coordination with any related initiatives in the community?**

Yes

**Briefly describe the other initiatives and how they relate to this project.**

The Disease Prevention Response of this project is working in line with a health initiative that is being started by concerned parents and the government to reduce illnesses. Our project will help give legitimacy to these great efforts. Additionally, the community has been working for many years to provide adequate water for their people. This project works to enhance these efforts with the powerful assistance of Rotary. Lastly, we will work with the local community development associations and schools in providing a unified emphasis on WASH training and especially on caring for women in menstrual hygiene training

**Please describe the training, community outreach, or educational programs this project will include.**

There are three key trainings for this project. One is to fight water-borne illnesses, another is WASH training (for the maintenance and sustainability of the project and health of community), and third is a Menstrual Hygiene training and workshop. There will also be community outreach to ensure that the community is involved at all stages of the project. Community meetings have been (and will be) held each time the Rotary Club of Kumbo visits to give the community members updates on the project's status, as well as to give formal or informal WASH, disease-prevention and menstrual hygiene training.

### **How were these needs identified?**

The needs were self-identified by the community, who reached out to ask the Rotary Club of Kumbo for assistance.

2. Through community meetings the Rotary Club of Kumbo these needs were clarified and prioritized with the Disease Prevention and Water, Sanitation and Hygiene project being the most important.

### **What incentives (for example, monetary compensation, awards, certification, or publicity), will you use, if any, to encourage community members to participate in the project?**

Official certifications for finishing the formal WASH, Feminine Hygiene and Disease Prevention training classes are provided to participants.

2. Publicity is provided every time Kumbo Rotary Club members visit the community.

When these visits take place, Water-committee members and Caretakers spread the word around the village

regarding the upcoming meetings.

3. The community, provides outreach for the training seminars and meetings.

4. At public meetings when informal WASH, Menstrual Hygiene and Disease Prevention training is given, community members are encouraged to participate and are given public approval for giving correct answers.

5. Informal WASH surveys are completed before public meetings, and community members are given concise

approval and assistance in areas where they've done well and areas where they could use improvement.

6. The budgets to the Water Management Committees will be encouraged to contain modest per diem payments to water care takers.

7. The "Hand Over" ceremonies will serve to publicize efforts to improve community health through access to

safe water, sanitation and hygiene.

### **List any community members or community groups that will oversee the continuation of the project after grant-funded activities conclude.**

The village's Community Water Management Committee is in charge of overseeing the continuation of the project after the grant-funded activities conclude. The community is already paying a fee for the water, but the fee isn't enough to provide for a sustainable project to continue. The WASH training includes capacity building for the committee and behavior change for the community to understand the importance of paying water fees, drinking safe water, and having a sanitary environment. Before the project is implemented, the community provides the full life-cycle cost of the project for two full months' worth of Water Operation & Maintenance payments. These funds are used to pay for the Caretaker to be full-time with the implementation team, to completely understand the project, and to know where every change in pipe diameter happens, where each low and high point are, to be knowledgeable about everything in the system, and to be able to fix it when it requires maintenance. Additionally, an As-Built diagram of the final system will be provided to the community when the project is finished to assist with future repairs to the system.

## **Budget**

### **Will you purchase budget items from local vendors?**

Yes

### **Explain the process you used to select vendors.**

The first priority is to see what project materials and equipment are available locally, at what price and when it can be delivered but, because of the rural locations, supplies of needed items are not often available in quantity and it is rare that competitive pricing is available. More realistically and since there is a substantial volume of Rotary sponsored projects for reference, quantities, price and availability are negotiated with

reference to what can be obtained in a larger trading community such as the nearby cities of Kumbo or Bamenda. Budgets are formed using existing knowledge. The budget then becomes a determining factor when it comes to actually purchasing goods

**Did you use competitive bidding to select vendors?**

No

**Please explain.**

The first priority is to see what project materials and equipment are available locally, at what price and when it can be delivered but, because of the rural locations, supplies of needed items are not often available in quantity and it is rare that competitive pricing is available. More realistically and since there is a substantial volume of Rotary sponsored projects for reference, quantities, price and availability are negotiated with reference to what can be obtained in a larger trading community such as Kumbo or Bamenda. Budgets are formed using existing knowledge. The budget then becomes a determining factor when it comes to actually purchasing goods.

**Please provide an operations and maintenance plan for the equipment or materials you anticipate purchasing for this project. This plan should include who will operate and maintain the equipment and how they will be trained.**

The plan of the experienced personnel who design and implement a local water system is to keep the system as simple as possible. By securing the well so that contaminants cannot enter the water, the water can be delivered to the community in its pure form. The holding tank is used to store water during the nights so it can be made available to the beneficiaries during the day. By using gravity to deliver the water, little can go wrong that normal maintenance by the water management committee cannot take care of. The WMC will engage a custodian or caretaker to monitor the water flow at the stand taps on a weekly basis. The gravity flow system is largely free of maintenance issues as the only moving part is the faucet in the tap stands. Washers need replacement infrequently and will be done during routine monitoring as required.

The water committee will be trained in maintaining the electric pump portions of the system by those who install those respective systems and nontechnical aspects of the project such as financial expertise to assist the community's move to financial self-sustainability of the project and health expertise to assist the community's culturally appropriate Disease Prevention training.

**Describe how community members will maintain the equipment after grant-funded activities conclude. Will replacement parts be available?**

The WMC will establish a per household water use fee to cover:  
 Operating costs (caretaker's wages) and maintenance materials and replacement parts,  
 Annual contributions to a Repair/Contingency allocation.  
 In the initial rate setting the repair/contingency allowance for major repairs will be based on an estimated 3-year rolling average of repair and replacement costs. As the system establishes an actual repair and replacement cost record, the annual contribution estimate will be adjusted to reflect the actual costs.

**If the grant will be used to purchase any equipment, will the equipment be culturally appropriate and conform to the community's technology standards?**

Yes

**Please explain.**

All the equipment that will be purchased will be sourced through local vendors, ensuring that the equipment will be able to be replaced from local vendors when it breaks down or wears out. Additionally, the community members chose the primary technologies for the project and pumping power technology, and have understood the advantages and disadvantages of their decisions. Also, regarding electric energy, there are other electric projects in the area, so the community is following the lead of others who have found their projects to be sustainable in the long run. The design of the well-fed, gravity flow, and pipe-borne water and communal tap stand has been effectively used on previous Rotary-funded projects for at least 20 years in western Cameroon.

**After the project is completed, who will own the items purchased by grant funds? No items may be owned by a Rotary district, club, or member.**

The entire project will be owned by the community, and nothing will be owned by the Rotary district, club, or any club members. At the conclusion of the implementation phase of the project, it is the customary Rotary practice for the Host Rotary Club to publicly and officially turn over the system to the community to be

managed and maintained by the community-appointed Water Management Committee, which will hold ownership on behalf of the community

## Funding

### Does your project involve microcredit activities?

### Have you found a local funding source to sustain project outcomes for the long term?

Yes

### Please describe this funding source.

The trained Water Management Committee will charge a water fee each month (or as decided) to continue to maintain and expand the water in the future. Other donors like the local councils and government as well as political elites will also support the project

### Will any part of the project generate income for ongoing project funding? If yes, please explain.

The only income generated from this project will be the water fee charge to be decided by the WMC after the official handing over of the project

## Authorizations

---

### Authorizations & Legal Agreements

#### Legal agreement

Global Grant Agreement - to be authorized by the primary contacts and club presidents (or DRFC chairs if district-sponsored)

This Global Grant Agreement (Agreement) is entered into by The Rotary Foundation of Rotary International (TRF) and the grant sponsors (Sponsors). In consideration of receiving this Rotary Foundation Global Grant (Grant) from TRF, the Sponsors agree that:

1. All information contained in this application is, to the best of our knowledge, true and accurate.
2. We have read the Terms and Conditions for Rotary Foundation Global Grants (Terms and Conditions) and will adhere to all policies therein.
3. The Sponsors shall defend, indemnify, and hold harmless Rotary International (RI) and TRF, including their respective directors, trustees, officers, committee members, employees, agents, associate foundations and representatives (collectively Rotary), from and against all claims, including but not limited to claims of subrogation, demands, actions, damages, losses, costs, liabilities, expenses (including reasonable attorney's fees and other legal expenses), awards, judgments, and fines asserted against or recovered from Rotary arising out of any act, conduct, omission, negligence, misconduct, or unlawful act (or act contrary to any applicable governmental order or regulation) resulting directly or indirectly from a Sponsor's and/or participant's involvement in grant-funded activities, including all travel related to the grant.
4. The failure of the parties to comply with the terms of this Agreement due to an act of God, strike, government regulation, war, fire, riot, civil unrest, hurricane, earthquake, or other natural disasters, acts of

public enemies, curtailment of transportation facilities, political upheavals, civil disorders, outbreak of infectious disease or illness, acts of terrorism, or any similar cause beyond the control of the parties shall not be deemed a breach of this Agreement. In such an event, the Agreement shall be deemed terminated and the Sponsors shall refund to TRF all unexpended global grant funds within 30 days of termination.

5. TRF's entire responsibility is expressly limited to payment of the total financing amount. TRF does not assume any further responsibility in connection with this grant.
6. TRF reserves the right to cancel the grant and/or this Agreement without notice upon the failure of either or both of the Sponsors to abide by the terms set forth in this Agreement and the Terms and Conditions. Upon cancellation, TRF shall be entitled to a refund from the Sponsors of any global grant funds, including any interest earned, that have not been expended.
7. The laws of the State of Illinois, USA, without reference to its conflicts of laws principles, shall govern all matters arising out of or relating to this Agreement, including, without limitation, its interpretation, construction, performance, and enforcement.
8. Any legal action brought by either party against the other party arising out of or relating to this Agreement must be brought in either, the Circuit Court of Cook County, State of Illinois, USA or the Federal District Court for the Northern District of Illinois, USA. Each party consents to the exclusive jurisdiction of these courts, and their respective appellate courts for the purpose of such actions. Nothing herein prohibits a party that obtains a judgment in either of the designated courts from enforcing the judgment in any other court. Notwithstanding the foregoing, TRF may also bring legal action against Sponsors and/or individuals traveling on grant funds in any court with jurisdiction over them.
9. This Agreement binds and benefits the parties and their respective administrators, legal representatives, and permitted successors and assigns.
10. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.
11. Sponsors may not assign any of their rights under this Agreement except with the prior written consent of TRF. Sponsors may not delegate any performance under this Agreement without the prior written consent of TRF. Any purported assignment of a Sponsor's rights or delegation of performance without TRF's prior written consent is void.
12. TRF may assign some or all of its rights under this Agreement to an associate foundation of TRF. TRF may delegate any performance under this Agreement to an associate foundation. Any other purported assignment of TRF's rights or delegation of performance without the Sponsors' prior written consent is void.
13. Sponsors will comply with all economic and trade sanctions, including those implemented by the Office of Foreign Assets Control (OFAC) of the United States Department of Treasury, and will ensure that they do not support or promote violence, terrorist activity or related training, or money laundering.
14. This Agreement constitutes the final agreement between the parties. No amendment or waiver of any provision of this Agreement shall be effective unless it is in the form of a writing signed by the parties.
15. Rotary may use information contained in this application and subsequent reports for promotional purposes, such as in Rotary magazine, in Rotary Leader, on rotary.org and on social media. For any and all photographs submitted with any application or follow-up report, the Sponsor hereby grants to Rotary an unlimited, perpetual, worldwide right and license to use, modify, adapt, publish, and distribute the photograph(s) in any media now known or hereafter devised, including but not limited to, in Rotary publications, advertisements, and Websites and on social media channels. The Sponsor represents and warrants that (a) each adult appearing in the photograph(s) has given her/his/their unrestricted written consent to the Sponsor to photograph them and to use and license their likeness, including licensing the photograph(s) to third parties, (b) the parent or guardian of each child under age 18 or each person who lacks legal capacity appearing in the photograph(s) has given unrestricted written consent to the Sponsor to photograph the child or individual and to use and license their likenesses, including licensing the photograph(s) to third parties, and (c) it is the copyright owner of the photograph(s) or that the copyright owner of the photograph(s) has given the Sponsor the right to license or sublicense the photograph(s) to Rotary.
16. Privacy is important to Rotary and any personal data that the Sponsor shares with Rotary will only be used for official Rotary business. The Sponsor should minimize the personal data of Grant beneficiaries that it shares with TRF to only personal data that TRF specifically requests. Personal data that is shared with TRF will be used to enable the Sponsor's participation in this Grant process, to facilitate the Sponsor's

Grant experience and for reporting purposes. Personal data provided to TRF may be transferred to Rotary service providers (for example, affiliated entities) to assist Rotary in planning Grant-related activities. By applying for a grant, the Sponsor may receive information about the Grant and supplementary services via email. For further information about how Rotary uses personal data, please contact [privacy@rotary.org](mailto:privacy@rotary.org). Personal data provided to TRF or collected on this form is subject to [Rotary's Privacy Policy](#).

17. The Sponsors agree to share information on best practices when asked, and TRF may provide their contact information to other Rotary members who may wish advice on implementing similar activities.

18. The Sponsors will ensure that all individuals traveling on grant funds have been informed of the travel policies stated in the Terms and Conditions and have been made aware that they are responsible for obtaining travel insurance.

19. To the best of our knowledge and belief, all relationships between grant committee members, district officers, and other members of the sponsor clubs or districts and any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant have been disclosed in this application. Except as disclosed here, neither we nor any person with whom we have or had a personal or business relationship will benefit or intends to benefit from Rotary Foundation grant funds or have any interest that may represent a potential conflicting interest. A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or scholarship that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

### Primary contact authorizations

Global Grant Agreement - to be authorized by the primary contacts and club presidents (or DRFC chairs if district-sponsored)

This Global Grant Agreement (Agreement) is entered into by The Rotary Foundation of Rotary International (TRF) and the grant sponsors (Sponsors). In consideration of receiving this Rotary Foundation Global Grant (Grant) from TRF, the Sponsors agree that:

1. All information contained in this application is, to the best of our knowledge, true and accurate.
2. We have read the Terms and Conditions for Rotary Foundation Global Grants (Terms and Conditions) and will adhere to all policies therein.
3. The Sponsors shall defend, indemnify, and hold harmless Rotary International (RI) and TRF, including their respective directors, trustees, officers, committee members, employees, agents, associate foundations and representatives (collectively Rotary), from and against all claims, including but not limited to claims of subrogation, demands, actions, damages, losses, costs, liabilities, expenses (including reasonable attorney's fees and other legal expenses), awards, judgments, and fines asserted against or recovered from Rotary arising out of any act, conduct, omission, negligence, misconduct, or unlawful act (or act contrary to any applicable governmental order or regulation) resulting directly or indirectly from a Sponsor's and/or participant's involvement in grant-funded activities, including all travel related to the grant.
4. The failure of the parties to comply with the terms of this Agreement due to an act of God, strike, government regulation, war, fire, riot, civil unrest, hurricane, earthquake, or other natural disasters, acts of public enemies, curtailment of transportation facilities, political upheavals, civil disorders, outbreak of infectious disease or illness, acts of terrorism, or any similar cause beyond the control of the parties shall not be deemed a breach of this Agreement. In such an event, the Agreement shall be deemed terminated and the Sponsors shall refund to TRF all unexpended global grant funds within 30 days of termination.
5. TRF's entire responsibility is expressly limited to payment of the total financing amount. TRF does not assume any further responsibility in connection with this grant.
6. TRF reserves the right to cancel the grant and/or this Agreement without notice upon the failure of either or both of the Sponsors to abide by the terms set forth in this Agreement and the Terms and Conditions. Upon cancellation, TRF shall be entitled to a refund from the Sponsors of any global grant funds, including any interest earned, that have not been expended.
7. The laws of the State of Illinois, USA, without reference to its conflicts of laws principles, shall govern all matters arising out of or relating to this Agreement, including, without limitation, its interpretation, construction, performance, and enforcement.

8. Any legal action brought by either party against the other party arising out of or relating to this Agreement must be brought in either, the Circuit Court of Cook County, State of Illinois, USA or the Federal District Court for the Northern District of Illinois, USA. Each party consents to the exclusive jurisdiction of these courts, and their respective appellate courts for the purpose of such actions. Nothing herein prohibits a party that obtains a judgment in either of the designated courts from enforcing the judgment in any other court. Notwithstanding the foregoing, TRF may also bring legal action against Sponsors and/or individuals traveling on grant funds in any court with jurisdiction over them.

9. This Agreement binds and benefits the parties and their respective administrators, legal representatives, and permitted successors and assigns.

10. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.

11. Sponsors may not assign any of their rights under this Agreement except with the prior written consent of TRF. Sponsors may not delegate any performance under this Agreement without the prior written consent of TRF. Any purported assignment of a Sponsor's rights or delegation of performance without TRF's prior written consent is void.

12. TRF may assign some or all of its rights under this Agreement to an associate foundation of TRF. TRF may delegate any performance under this Agreement to an associate foundation. Any other purported assignment of TRF's rights or delegation of performance without the Sponsors' prior written consent is void.

13. Sponsors will comply with all economic and trade sanctions, including those implemented by the Office of Foreign Assets Control (OFAC) of the United States Department of Treasury, and will ensure that they do not support or promote violence, terrorist activity or related training, or money laundering.

14. This Agreement constitutes the final agreement between the parties. No amendment or waiver of any provision of this Agreement shall be effective unless it is in the form of a writing signed by the parties.

15. Rotary may use information contained in this application and subsequent reports for promotional purposes, such as in Rotary magazine, in Rotary Leader, on rotary.org and on social media. For any and all photographs submitted with any application or follow-up report, the Sponsor hereby grants to Rotary an unlimited, perpetual, worldwide right and license to use, modify, adapt, publish, and distribute the photograph(s) in any media now known or hereafter devised, including but not limited to, in Rotary publications, advertisements, and Websites and on social media channels. The Sponsor represents and warrants that (a) each adult appearing in the photograph(s) has given her/his/their unrestricted written consent to the Sponsor to photograph them and to use and license their likeness, including licensing the photograph(s) to third parties, (b) the parent or guardian of each child under age 18 or each person who lacks legal capacity appearing in the photograph(s) has given unrestricted written consent to the Sponsor to photograph the child or individual and to use and license their likenesses, including licensing the photograph(s) to third parties, and (c) it is the copyright owner of the photograph(s) or that the copyright owner of the photograph(s) has given the Sponsor the right to license or sublicense the photograph(s) to Rotary.

16. Privacy is important to Rotary and any personal data that the Sponsor shares with Rotary will only be used for official Rotary business. The Sponsor should minimize the personal data of Grant beneficiaries that it shares with TRF to only personal data that TRF specifically requests. Personal data that is shared with TRF will be used to enable the Sponsor's participation in this Grant process, to facilitate the Sponsor's Grant experience and for reporting purposes. Personal data provided to TRF may be transferred to Rotary service providers (for example, affiliated entities) to assist Rotary in planning Grant-related activities. By applying for a grant, the Sponsor may receive information about the Grant and supplementary services via email. For further information about how Rotary uses personal data, please contact [privacy@rotary.org](mailto:privacy@rotary.org). Personal data provided to TRF or collected on this form is subject to [Rotary's Privacy Policy](#).

17. The Sponsors agree to share information on best practices when asked, and TRF may provide their contact information to other Rotary members who may wish advice on implementing similar activities.

18. The Sponsors will ensure that all individuals traveling on grant funds have been informed of the travel policies stated in the Terms and Conditions and have been made aware that they are responsible for obtaining travel insurance.

19. To the best of our knowledge and belief, all relationships between grant committee members, district officers, and other members of the sponsor clubs or districts and any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant have been disclosed in this application. Except as disclosed here, neither we nor any person with whom we have

or had a personal or business relationship will benefit or intends to benefit from Rotary Foundation grant funds or have any interest that may represent a potential conflicting interest. A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or scholarship that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

**District Rotary Foundation chair authorization**

I hereby certify that this global grant application is complete, meets all Foundation guidelines, is eligible for funding, and that the sponsoring club and/or district is qualified.
